SUMMARY

With over 5 years of experience in development, I specialize in building robust, scalable applications using React JS, Next JS, and state management tools like Redux and Zustand. I have a proven track record of delivering high-quality solutions that meet client needs and improve business performance. I am passionate about staying up-to-date with the latest technologies and continuously refining my skills. I am seeking opportunities to contribute to innovative projects where I can leverage my expertise in modern web technologies and state management to drive success.
